award for
Technology
support

Overdrive Award from General Motors

In April this year during 30th GM Annual Supplier of the year awards held in Phoenix, Arizona, USA General Motors has awarded Sansera an **Overdrive Award**, which recognizes outstanding achievement in one of their six Global Purchasing and Supply Chain (GPSC) Priorities that enable to navigate their business results with focused initiatives and cutting-edge culture.

Sansera received the Overdrive Award for Launch Excellence for development and supply of small block connecting rod for full size truck engines.

"This year's Supplier of the year event was special not only because it's the 30th Anniversary of the program, but because it also provided us with the opportunity to recognize our suppliers for persevering through one of the most challenging years in the industry has ever faced", said Shilpan Amin, General Motors Vice President, Global Purchasing and Supply Chain. "The top suppliers showed resilience and reinforced their commitment to pursuing sustainability and innovation. Through our strong relationships and collaboration, General Motors and our suppliers are poised to build a brighter future for generations to come" said Amin.

The fact that we kept receiving Quality Excellence award continuously from past several years and this year with an Overdrive award illustrates Sansera's ability to continually surpass GM teams' expectations.

Environmental Initiatives Award from Honda Motorcycle and Scooter

Sansera has been awarded by Honda for **Environmental Initiatives**, which was presented during **Honda Annual Supplier Conference** on March 25th, 2022. Honda presented this award for environmental initiatives and honoured the supplier who has achieved to reduce the impact of manufacturing on the environment.

Technology Support Award from Knorr-Bremse

Sansera was presented **“Technology Support Award”** from **Knorr-Bremse** during Supplier Conference 2022 on April, 5th, 2022. Knorr-Bremse is the world's leading manufacturer of braking systems and a leading supplier of other safety-critical Rail and Commercial Vehicle Systems. Sansera supplies critical components for the braking systems to Knorr Bremse.

Commenting on these recognitions, Mr. B R Preetham Group CEO, Sansera Engineering Limited said: “It is an honor to receive such recognitions from our esteemed customers across multiple categories. Our efforts to provide our customers with top-quality solutions have clearly paid off, and we are proud of the fact that we continue to receive such prestigious distinctions. These awards validate our dedication in ensuring consistent quality, technology, delivery, safety, innovation, sustainability, and superior value.”
